

Profile

Feb 18, 2000

I have 2 year of experience working as Manual Tester for Production Companies applying and using Agile & Scrum. And have Basic knowledge of SQL, Database and Requirement Engineering, fundamental ISTQB,..; familiar with Postman, Jira.

For short term (3 years), I would like to more have experience in software development and testing life cycle. (SDLC & STLC).

In a long term direction, I aim to be at the senior level of QC, master testing skills on both manual and automation.
